

Transportation Rules and Requirements

Please contact Kendra at 269-483-7439 with questions.

Welcome to the 2020-2021 school year that I am sure will be full of all sorts of fun and new things.

On behalf of all of us here in the transportation department I would like to thank you ahead of time for your cooperation and understanding in the adjustments that will be needed this year. We are looking forward to a great year and by working together we will make that happen.

- With the return to school plan we are requiring face masks to be worn by everyone that is able, that will be on the bus as well as sanitizing their hands upon entering the bus. NO MASK, NO BUS!
- We also will be requiring family members to sit together and not with anyone not in your household. This is a safety concern and will be enforced and there will be assigned seats for each and every student this year.
- Please have CURRENT information with the school and please make sure that we have it here in the bus garage as well.

Thank you for your help with this.

PLEASE CUT AND RETURN BOTTOM TO DRIVER

I, _____ the parent or guardian of _____, agree to the above information and will make sure that my child(ren) follow the rules as outlined above. I understand that there are and will be consequences if the rules aren't followed.

By signing this I agree and understand that it means that I have read and shared this information with my child(ren).
