

White Pigeon Community Schools

Superintendent, Mr. Jon Keyer
Associate Superintendent, Mrs. Carrie Erlandson

January 11, 2021

Central Elementary Families,

The health and safety of our students and staff is our first priority. It has come to our attention that one individual has tested positive for COVID-19 at Central Elementary. The individual was last in the building on January 4th. After completing contact tracing, it has been confirmed that this individual contracted the virus over winter break from a family member and not at school.

We have worked with our local health department to identify close contacts and are notifying them. Additionally, we are continuing to execute proper cleaning procedures.

We will continue to follow the health department guidance. School will continue as usual for all staff and students not identified as a close contact.

If you have any questions or concerns, please contact Shelly McBride smcbride@wpcschoools.org, Carrie Erlandson cerlandson@wpcschoools.org or Jon Keyer jkeyer@wpcschoools.org.

Thank you,

Jon Keyer
Superintendent

Carrie Erlandson
Associate Superintendent
