

White Pigeon Community Schools

BACK TO SCHOOL PLAN 2021-2022

Facial Coverings

- Currently, facial coverings are **recommended not required**. Staff, students and community members will not be required to wear facial coverings for the 2021-2022 school year.
- Facial coverings are recommended and are optional.

Face to Face Learning

- WPCS will only be offering **face to face learning** for the 2021-2022 school year.
- It is our belief that in person learning is what best supports our students' academic and social emotional needs.

Transportation

- As mandated by the federal government and the CDC, masks will be required on all school buses. This includes all daily runs and extra trips.

Athletics

- Currently, the MDHHS and MHSAA has lifted all requirements for student athlete testing.
- WPCS will **not be testing athletes** in order to allow for participation.

WHITE PIGEON COMMUNITY SCHOOLS

- Will continue to follow the **mandates** set by the MDHHS and our local Branch-Hillsdale-St. Joseph Community Health Agency with regards to facial coverings, social distancing, contact tracing, quarantine timelines, and athlete testing for face to face instruction and athletics.
- Will continue to support vaccine efforts made by our local health department for our community.

Date: 8/16/2021

FIRST DAY OF SCHOOL IS AUGUST 23rd!

Chief Pride!
